

Legal AI Copilot — Golden Dataset Review Guide

Instructions for verifying & expanding the AI meeting accuracy benchmarks under Indian Law.

Total Initial Scenarios: 40 Questions • Target: ZERO HALLUCINATION Precision Testing

1. Purpose of this Review

We are engineering a real-time Legal AI Copilot that listens to live client consultation meetings. The AI assists the lawyer by retrieving the exact Indian Acts, statutory sections, and legal principles needed to answer client questions immediately. To guarantee zero hallucination and ensure the AI never cites incorrect or fictional sections, we test our AI against a benchmark 'Golden Dataset' of real-world consultation scenarios. Your review guarantees that our target answers and citations are 100% legally sound.

2. Guidelines for Review & New Questions

1. Review current questions: Verify if the statutory Acts and Sections are correct under current Indian Law.
2. Wording: Write new client questions exactly how a layman client phrases them (confused, emotional, casual).
3. Expected Acts: State the formal title of the Indian Statute / Act with year (e.g. Transfer of Property Act, 1882).
4. Expected Sections: Specify the exact sections or orders using standard notation (e.g. Sec. 126, Order XXXIX).
5. Lawyer Direct Answer: Write the immediate 1-2 sentence spoken response to comfort and guide the client first.

3. Current Golden Dataset (40 Scenarios)
